

2010 Symposium - Companies talked about their Praxeme usage

See in-depth details: <http://www.praxeme.org/index.php?n=Syllabus.SYA>

April-WAF (France - Insurance)

<http://www.praxeme.org/index.php?n=Syllabus.SYA06>

The Logical Model as an interface with contractors and the upstream models (semantic and pragmatic) as qualification tools.

Europcar (France - Vehicle rental)

<http://www.praxeme.org/index.php?n=Syllabus.SYA03>

Semantic modeling as a direct way of adding new features while minimizing and controlling impacts.

NSI-SA (Belgium - Consulting) - EASI-WAL (Belgium - Administration)

<http://www.praxeme.org/index.php?n=Syllabus.SYA02>

Praxeme Enterprise System Topology as a structuring tool for consulting and deal winning.

VOLVO (Sweden - International context)

<http://www.praxeme.org/index.php?n=Syllabus.SYA05>

Using Praxeme to improve Enterprise Architecture and align it with business.

Symposium 2011 - Follow up

NSI-SA (Belgium - Consulting) - EASI-WAL (Belgium - Administration)

NSI won a new project covering full IT implementation. The project is structured with Praxeme according to the ideas expressed during the symposium presentation.

Praxeme Institute and CESAMES

Praxeme Institute supported CESAMES' event on January 11. The topic discussed the potential contribution of system architecture to financial engineering (<http://www.cesames.net/>).

Enterprise Transformation Manifesto

<http://www.enterprisetransformationmanifesto.org>

The golden principles for improving enterprises while respecting society's fundamental values and interests.

In the face of complexity, this manifesto articulates core principles and offers an escape from confusion, gloom and doom. It aims to reinforce our ability to act.

Other works – Don't hesitate to join the Pxl to help or promote, see contacts and events below.

* 2010 Feedback from the Praxeme Institute Symposium (see above)

* New workgroup with C2P (*Club des Pilotes de Processus*): Connecting processes to IT

* OBCs (Open Business Concepts): workgroup has started to produce results, stay tuned or jump on board.
